PARTNERS FORM

Form:

Form to describe the activities planned by the partners for the sustainability of the project results/ products/process in the next two years

Dear all,

In order to work out a detailed Sustainability Masterplan for the project, we need your help and input, in order to have a clear picture about your intentions/expectations, and more in general, about the situation for such exploitation activities in partner countries.

This form is a tool designed to help us gather the indication in a comparable format. Of course you are very much invited to give us further comment and knowledge, as any advice and information which helps to develop a exploitation scenario for OPENsoundS is extremely welcome.

(2) Designing a Sustainability Model for OPEN sounds

Below are listed for each of the four target groups the actions **to achieve** to ensure the sustainability of the network for two years following the end of the project.

Please add new actions in the mandatory fields in order to provide new contributions to the sustainability plan.
